### APPROVAL OF SOIL STOCKPILE EVALUATION AND REUSE PROTOCOL, STOCKPILES SP-12 AND SP-14, FORMER C-6 FACILITY, BOEING REALTY CORPORATION, LOS ANGELES (FILE NO. 95-036)

Dear Mr. Mossman:

We have received the "Technical Memorandum, Stockpile Placement/Disposition Evaluation, Stockpiles SP-12 and SP-14" (Memorandum) dated August 1, 2001, prepared by Haley & Aldrich.

Soils stockpiled during demolition and investigation activities are temporarily stored onsite. This Memorandum presents the methodology proposed to determine the suitability of these soils for onsite reuse. Soils with detectable levels of various chemicals that do not pose a potential threat to human health or degradation of the underlying groundwater are recommended for reuse onsite.

We have completed our review of the Memorandum and concur with methodology to determine the suitability for onsite reuse. Please call me at (213) 576-6737 if you have any questions.

Sincerely,

John Geroch  
Associate Engineering Geologist  
Site Cleanup Unit I

cc: Scott Zachary, Haley & Aldrich
